

Maneesha R. Chigurupati, DDS

117 Kerneywood Street

Lakeland, FL 33803

(863) 687-2759

Welcome!

On behalf of Dr. Maneesha and the entire team here, welcome to our (and your future) office! We are honored you have chosen us, and we are looking forward to your initial visit.

We appreciate the trust you have placed in us and will strive to provide you with the exceptional dental care you expect. Our mission is to provide the most compassionate and efficient comprehensive dental care possible by giving our patients focused attention from our doctor, hygienist, and team, and by always striving to foster patient relationships based upon mutual trust.

Since our practice is prevention-based, your first visit will include a comprehensive examination and all x-rays needed to diagnose the condition of your oral health. In most instances, your diagnosis will be determined at this visit, and if needed, recommendations for treatment will be discussed with you. We want our patients to make informed choices by fully understanding any areas of concern.

Your time is very important to us, so you can expect us to be on time for your appointment, pending any unforeseen circumstances. We appreciate the same from our patients and require at least 24 hours' notice for appointment cancellations. This policy will allow us to utilize your reserved appointment time for another patient in need and reschedule your appointment for a later date.

We have enclosed the forms that we will need for your first visit. Please review and bring the completed forms to your appointment. Your medical history form is very important and will allow us to provide you with the most effective treatment.

We will make every effort to ensure your dental care is affordable. If you have dental insurance benefits, please bring your information with you to your first visit. We will work with you to ensure that you receive the maximum benefits to which you are entitled. It is the patient's responsibility to provide payment at the time of service unless other financial arrangements have been made.

Thank you for choosing our office and we look forward to serving all your family's dental needs for many years to come!

Respectfully,
Dr. Maneesha and team
